

## Datasheet

### External Antenna for IXXAT CANblue II

## Stub Antenna with RPSMA Plug

Knuckle elbow (90 degree tiltable), 1/2 wave coaxial dipole, clutch allows 360° rotation

|                   |  |
|-------------------|--|
| Order number      | 1.04.0085.00001  |
| Connector         | RP SMA female<br>FCC Part 15 compliant polarized connector |
| Length            | 100 mm (including connector)                               |
| Gain              | 1 dBi  |
| Frequency         | 2.4 GHz  |
| Impedance         | 50 Ohm   |
| VSWR              | 1.5:1 max at resonance                                     |
| Polarization      | Vertical   |
| Power rating      | 50 watts   |
| Temperature range | -40 °C to +80 °C   |
| Drop test         | 1M   |

## Dimensions

All dimensions are in mm.
